

Funding Organisation	National Institute of Health Carlos III (ISCIII) www.isciii.es
National Funding Programme	Acción Estratégica en Salud (AES)
Initial funding pre-commitment	250.000 € 1 project tentatively envisaged to be funded
National Contact Point	María Cristina Nieto García Email: mnieto@isciii.es Tel: (+34) 91 822 2443
Maximum funding per awarded Spanish project partner	<ul style="list-style-type: none"> Up to 250.000 € (overheads included)
Eligible institutions	<ul style="list-style-type: none"> Hospitals, primary health care or public health settings of the Spanish National Health System (SNS) These institutions may manage research via a foundation regulated in accordance to the Spanish Act 50/2002, of December 26th (a copy of the foundation's statutes may be submitted) Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS) Accredited according to the RD 339/2004, of February 27th or RD 279/2016 (These institutions may manage research via a foundation regulated according to the Spanish Act 50/ 2002, of December 26th) http://www.eng.isciii.es/ISCIII/es/contenidos/fd-investigacion/fd-institutos-investigacion-sanitaria/listado-de-iis-acreditados.shtml CIBER or CIBERNED Team members applying to the call must be from at least two groups belonging to CIBER in two different home institutions and one of these two should be a Hospital, primary health care or public health settings of the Spanish National Health System (SNS) or Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS). Please contact Cristina Rodríguez (cristina.rodriguez@ciberisciii.es) for more information related to CIBER's eligibility and José de Arriba (idearriba@ciberned.es) for CIBERNED's

	<ul style="list-style-type: none"> • Applicants from ISCIII are eligible. Eligibility criteria from <i>Acción Estratégica en Salud Intramural (AESI) 2022</i> apply <p>NOTE: Same institution cannot participate with more than one partner in the same project proposal</p> <p>SMEs and other private companies are encouraged to participate at their own cost, as subcontractors or funded by CDTI</p>
Additional eligibility criteria	<p>Project duration is up to 3 years. Extensions could be granted upon request</p> <p>NOTE: Researchers with ongoing CRCNS projects in 2024 cannot apply to the current call</p>
Eligibility of PI and team members	<ul style="list-style-type: none"> • Principal Investigators (PI) can only participate in one project proposal per call • PI and all members of the research group must belong to the eligible institution or be affiliated to CIBER, CIBERNED or an IIS <p>Excluded personnel as Principal Investigator (PI):</p> <ul style="list-style-type: none"> • Those undergoing a postgraduate training in Health Specialization (MIR, FIR, QIR, BIR, PIR) • Those undergoing research training (e.g. PhD students, or “Río Hortega” contracts) • Researchers contracted by a RETIC or a CONSOLIDER • Those undergoing postdoctoral training (e.g. “Sara Borrell” or “Juan de la Cierva” contracts)
Eligible costs	<p>Personnel costs for temporary employment contracts (scholarships are not eligible) according to the salary scales of projects funded under AES (see the FAQ document for more information)</p> <p>Current costs, small scientific equipment, consumables, disposable materials, travelling expenses and other costs that can be justified as necessary to carry out the proposed activities</p> <p>Overheads according to AES2023, up to 25% of direct cost.</p>
National phase	<ul style="list-style-type: none"> • National applications will be required for the successful proposals by ISCIII. The period for submission of the national application will be published under AES 2023. Spanish Applicants should periodically check the web page of ISCIII. ISCIII may not send invitations to the mandatory national phase

	<ul style="list-style-type: none"> ISCIII and AEI may exchange each other applicant (s) in order to maximize the available funds meeting the respective eligibility rules
Mandatory acknowledgement	Any publication, data base, product or event protected with IPR or not, resulting from the granted project must acknowledge <i>"Award no. XX by ISCIII thorough AES 2023 and within the CRCNS framework"</i> even after the end of the project
Requirements on data and repositories	<ul style="list-style-type: none"> Researchers funded by ISCIII must make public the human genomic data, as well as relevant data (phenotype and exposition data) generated inside the funded project and will use open access repositories. Researchers must also make public all the necessary information for the interpretation of these genomic data, including lab protocols, data instruments survey tools. Regarding genomic data it is understood: association of complete genomes (GWAS), matrixes of de polymorphism of a single nucleotide (SNP) and sequence of genome, and transcriptomic, metagenomic, epigenomic and gene expression data. The researchers whose projects are funded by ISCIII are recommended to store their scientific data at the "ELIXIR Core Data Resources" or if non-European repositories or data bases they must be certified by ELIXIR or the US National Center for Biotechnology Information (NCBI) ISCIII may no fund project that requires the construction of new repositories without decommissioning plans or ensured sustainability after the project's end
Requirements for clinical studies	Spanish groups participating in a proposal performing a clinical study are encouraged to contact and include as members of the team personnel from the Platform of Clinical Research Unit (Unidades de Investigación Clínica y Ensayos Clínicos - UICEC) of their institutions. The ISCIII's funded platform will support Non-Commercial Clinical Research over the period 2021-23, and that it is expected to be the scientific node of the EU Clinical Trials Network (ECRIN-ERIC). Once the call is awarded, we will update the relevant contact information within these guidelines
